Flow Control Device:

Ball

End Application:

Vent-flame arrestor

Valve Operation Method:

Automatic

Connection Type:

Flange all ends

Valve Size:

2.500 inches

Product Name:

Inverted vent check valve, 2.5" flanged

Material:

Copper alloy body

Style Designator:

Straight thru

Furnished Items And Quantity:

1 float and 1 cover and 1 filter screen

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
