**Flow Control Device:**

Ball

**End Application:**

New construction lcs1

**Valve Operation Method:**

Automatic

**Flange Shape:**

Round with holes all ends

**Connection Type:**

Flange all ends

**Valve Size:**

2.500 inches

**Face To Face Distance:**

8.250 inches

**Flange Face Design:**

Plain all ends

**Product Name:**

In line vent valve

**Special Features:**

40 mesh flame screen included.

**Material:**

Copper alloy body

**Style Designator:**

Straight through flanged ends

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A530b0
