**Body Material:**

Aluminum

**Media For Which Designed:**

Air

**Flow Control Device:**

Plug

**Flow Control Device Material:**

Aluminum

**Outlet Pressure Range:**

+10.0/+250.0 pounds per square inch

**Maximum Inlet Pressure Rating:**

300.0 pounds per square inch

**Temperature Rating:**

Between 0.0 degrees fahrenheit and 175.0 degrees fahrenheit

**Special Features:**

Pressure relief valve; plug in system; ptf threaded relief port; slotted screw adjustment; with gauge

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A21100
