Vent-check Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-543-0139

Flow Control Device:

Ball

**End Application:** 

New construction lcs1

Valve Operation Method:

Automatic

Flange Shape:

Round with holes all ends

**Connection Type:** 

Flange all ends

Valve Size:

2.000 inches

Flange Face Design:

Plain all ends

Product Name:

Inline valve with side opening

**Special Features:** 

Side opening, bolted with neoprene gasket

Material:

Stainless steel seat

Style Designator:

Straight through flanged ends

Shelf Life:

N/a

Unit Of Measure:

---

Demilitarization:

No

Fiig:

A530b0
