Gaseous Products Pressure Equalizing Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-543-5410

Body Material:
Aluminum alloy
Outside Surface Treatment:
Anodized, mil-a-8625, type 2

Body Style:
Single connection straight thru

First End Connection Type:
Unthreaded external pipe

First End Style Designator:
Plain

Valve Relief Design Type:
Pressure

First End Thread Series Designator:

Npsm

Silicone

First End Thread Size:

0.750 inches

Seat Material:

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

Dominianization

No

Fiig:

A07100
