End Application:

Ground support equipment

Thread Location:

Internal

Connection Type:

Threaded

Product Name:

"high turbo" valve

Special Features:

With viton seat and cup

Material:

Brass

Material:

Copper alloy

Quantity:

1

Thread Size And Series/type Designator:

1/2" fip

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T313-n
