**End Connection Quantity:**

2

**Valve Size:**

0.375 inches

**Body Material:**

Aluminum

**Product Name:**

2fr series pressure compensated flow regulator - restrictive style; 3/8" bsp

**Special Features:**

Restrictive flow regulator used to restrict flow from a fixed supply; includes complete valve; leakproof screw adjustment; 3/8" port size; adjustable flow range 25 = 0-30 litres/min; nitrile seals

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A502c0
