End Connection Quantity:

2

Valve Size:

0.375 inches

Body Material:

Aluminum

Product Name:

2fr series pressure compensated flow regulator - restrictive style; 3/8" bsp

Special Features:

Restrictive flow regulator used to restrict flow from a fixed supply; includes complete valve; leakproof screw adjustment; 3/8" port size; adjustable flow range 25 = 0-30 litres/min; nitrile seals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A502c0
