End Application:

2330-01-537-8217; semi-trailer, fuel tank, 5000gal

Product Name:

Valve, gate, 3 , alum body, w/ ss stem & discs, groove to groove connections

Special Features:

3 polytetrafluoroethylene suspensoid rings; ends are grooved for standard type couplings per military specification mil-c-10387b

Material:

Stainless steel disk

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500a0

Mil-std (military Standard):

Mil-c-10387b spec.
