A23900

Valve Flow Regulating Element - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-553-1919

Product Name:
Sonic nozzle based molblocs
Special Features:
Continuous, real-time reading; can be fully automated; covers ranges up to 5 000 slm in n2 and air
Functional Description:
High precision transfer standard intended for calibrating other transfer standards or process flow meters and controllers
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
