End Application:

2355-01-542-7908 interim vehicle - mounted mine detector

Product Name:

Unloader valve

Special Features:

Operational range 0.6+0.4 bar; temp range -40 degrees ...+150 degrees c; port threads m 22x1.5; port for safety valve: without; tyre inflation 1-2: available

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T121-c
