End Application:

Misc parts auxiliary systems lcs1

Valve Operation Method:

Automatic

Valve Size:

0.375 inches

Face To Face Distance:

1.875 inches

Product Name:

Backflow preventer watts sd-3

Special Features:

Dual check with atmospheric port designed for the protection of the water supply from carbon dioxide gas and carbonated water

Material:

Steel comp 316 body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530b0
