Body Material:

Brass

End Application:

Pneumatic fluid pressure controller

Product Name:

Ctlr, br, bul, flow

Supplementary Features:

Ambient temp limits -40 deg. F to +180 deg. F; needle valve closed 50 psig, open 250 psig; constant differential flow controller; body construction brass with neoprene diaphragm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
