End Application:

Atlas copco t2w and support vehicle model 7600 sba 6x4 serial no. 6982

Valve Operation Method:

Automatic

Product Name:

Regulator, air-relieving

Special Features:

Next higher assembly: 57410185 compressor, instl-750/300

Media For Which Designed:

Air single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A046b0
