Body Material:

Bronze

Media For Which Designed:

Water

Flow Control Device:

Bellows

Filter:

Not included

Valve Size:

1.250 inches

Product Name:

Modulating water valve

Special Features:

Pressure balanced valve design; high refrigerant pressure resistant bellows; directreverse action; length is 302mm; width is 124mm; depth is 71mm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
