End Application:

53711 7386164 towline release manifold assembly

Valve Operation Method:

Automatic

Connection Type:

Threaded internal tube all ends

Product Name:

3 port pilot to open check valve

Special Features:

Cartridge valve furnished in cavity t-11a, flow capaci type 0-15 gpm; threaded ports 1 and 2 sae-8, port 3 sae-6; 2 mounting holes; screw adjustment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
