**Body Material:**

Aluminum alloy 2024

**Product Name:**

Bleed valve

**Special Features:**

Temperature range: -65 degrees f to 275 degrees f; operating torque: 10in/lbs max; pressures: proof 4500psi, burst 7500psi; leakage: external-none: internal: none to 3000psi

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A502c0
