End Application:

Water softener, iron filter, sediment filter, carbon filter, neutralizing filter

Product Name:

1.5 inch twin tank control valve

Special Features:

34 to 110 degrees f; electrical rating: 24v, 110v, 220v - 50/60hz; pressure: hydrostatic 300 psi

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A502c0
