### **End Application:**

New construction lpd21

Valve Type For Which Designed:

Drain

## Features Provided:

Indicator gage and handwheel

## Gear Ratio:

4: 1

#### Valve Size For Which Designed:

2.000 inches

**Product Name:** 

Rmva system; remote manual valve operator

#### **Special Features:**

Remote actuation assemby made of following parts, all have nsns: conduit and fittings, p/n 57783-00; operator station actuator, p/n 57347-00; low profile indicator, p/n 58252-03; handwheel, p/n 57346-18; universal joint, p/n 57351-00; bracket, mounting, actuator, p/n 57368-02, ; coupling, actuator-handwheel, 57366-01; valve station actuator, p/n 57348-00; helix cable, p/n 57353-00; conduit assembly, p/n 57350-8ft0in; conduit assembly, p/n 57350-20ft0in; conduit assembly, p/n 57350-29ft0in; access kit, p/n 57717-00; adapter, electrical conduit, p/n 57783-00; grease, p/n 57352-02

Shelf Life:

N/a

Unit Of Measure:

---

**Demilitarization:** 

No
