End Application:

Overhaul/availability cg53

Product Name:

Valve, reducing

Special Features:

Size 0.250 inch, body material bronze, capaci type 25 gpm, operation automatic, fluid meadium seawater, inlet pressure 150psi, outlet pressure 5 to 60 psi

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
