End Application:

Refrigeration plant, p/n 107898-002

Burst Pressure:

12.0 pressure pounds per square inch gage and 15.0 pressure pounds per square inch gage

Product Name:

Rupture disc

Head Material:

Stainless steel

Burst Temperature:

72.0 degrees fahrenheit

Special Features:

2 inch enviro-seal i disc; non asbestos gasket; polytetrafluoroethylene seal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A512u0
