End Application:

New construction ddg1000

Product Name:

Ball

Port Quantity:

2

Port Diameter:

4.000 inches

Stem Accommodation Quantity:

1

Port Configuration:

Straight

Material:

Copper alloy 922

Material Specification:

Astm-b-505 alloy 922 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A500t0
