**Overall Length:**

3.120 inches

**End Application:**

M109a1 truck, van

**Product Name:**

Body, valve, manifold

**Special Features:**

Hex 1.377 inch dia.; next assembly c11636337. Material is brass alloy no. 360.

**Material:**

Copper alloy

**Material Specification:**

Qq-b-626 federal specification all material responses

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A518e0
