Flow Control Device:

Disk

Disk Loading Method:

Spring

Mounting Facility:

Wafer

Outside Diameter:

6.000 inches all ends

Thickness:

3.750 inches all ends

Special Features:

Fire protection valve, horiz or vert mtd; wafer style; do

Material:

Iron body

Media For Which Designed:

Water, fresh single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
