End Application:

Hydraulic power unit assembly

Valve Operation Method:

Automatic

Product Name:

Pressure reducing/relieving valve series prh101

Special Features:

Size: 7/8-14unf-2b; style: pressure reducing/relieving valve; adjustment style: screw adjust; pressure range: 100-3000 psi

Material:

Aluminum body and steel body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A046b0
