End Application:

New construction ddg1000

Valve Operation Method:

Automatic

Connection Type:

Flange all ends

Valve Size:

0.500 inches

Face To Face Distance:

4.250 inches

Flange Face Design:

Raised straight all ends

Material:

Steel comp 316 body

Style Designator:

Straight through flanged ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
