Directional Control Linear Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-590-0914

Valve Operation Method:

Manual

Body Material:

Copper alloy

Maximum Operating Tempurature And Media For Which Designed:

50.0 degrees celsius air and 50.0 degrees celsius water, salt

Spool Position Quantity:

3

Spool Quantity:

1

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A506h0
