**Overall Length:**

4.812 inches

**Valve Type For Which Designed:**

Directional control linear

**Valve Size For Which Designed:**

0.375 inches

**Product Name:**

Valve block

**Port Quantity:**

3

**Valve Design Control Activity:**

10001

**Special Features:**

Next higher assembly: 4810-00-889-7042. P/n 2527150, linear directional control valve

**Material:**

Aluminum alloy

**Material Specification:**

6061-t6, t62, t651 national specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A518e0
