Overall Length:

4.812 inches

Valve Type For Which Designed:

Directional control linear

Valve Size For Which Designed:

0.375 inches

Product Name:

Valve block

Port Quantity:

3

Valve Design Control Activity:

10001

Special Features:

Next higher assembly: 4810-00-889-7042. P/n 2527150, linear directional control valve

Material:

Aluminum alloy

Material Specification:

6061-t6, t62, t651 national specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A518e0
