End Application:

5-inch gun mount, mk 45

Valve Type For Which Designed:

Directional control linear

Valve Size For Which Designed:

0.375 inches

Product Name:

Valve body

Port Quantity:

5

Valve Design Control Activity:

10001

Special Features:

Next higher assembly 1020-00-889-7061 latch, eject assembly p/n 2527208

Material:

Aluminum alloy

Material Specification:

6061-t6 national specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A518e0
