Body Material:

Steel

Body Style:

Straight thru

End Connection Quantity:

3

Temperature Adjustability:

Not adjustable

Temperature Rating:

90.0 degrees fahrenheit

Product Name:

Thermostatic control valve

Special Features:

Medium: staltwater; manual override, nitrile seals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
