End Application:

Rotor brake system

Body Material:

Steel comp 303

Body Material Specification:

Qq-s-763c federal standard single material response

Product Name:

Directional flow control valve

Special Features:

Item has 2500 metered lohm rate; 175 free flow lohm rate; screen hole size is 0.008 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A502c0
