Valve Operation Method:

Automatic

Maximum Operating Pressure:

350.0 bar single response

Opening Pressure Setting:

1.0 bar

Product Name:

Double pilot operated check valve, sandwich configuration

Special Features:

Sandwich style valve; d03

Material:

Steel

Media For Which Designed:

Oil, hydraulic single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530b0
