Body Material:

Cobalt alloy

Body Style:

A1 straight thru

Furnished Items:

Filter screen

Seat Material:

Cobalt alloy

Flow Control Device:

Ball and poppet

End Application:

Hyd manifold

Product Name:

High pressure screened 0.281 nace compliant pri

Special Features:

system pressure: 5000 psi; system peak pressure: 7500 psi max; length: 1.355 in; width: 0.281.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07100
