End Application:

Xx09 marine stabilized antennae system

Component Quantity:

5

Component Document Origin:

Industrial

Document Source:

2j627

Product Name:

Replacement kit, cntrl valve

Special Features:

Valve kit consists of 2 valve, check, flow control ball type 130016; tape, pipe thread sealant, 1/2 in. Wid (600 in.) 130043-12; 2 bushing, hex reducing, brass 130044-412

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
