Valve Discharge Flow Rate:

26.4 gallons per minute

Bolt Hole Quantity:

4

End Application:

Engine maintenance stand

Voltage In Volts And Current Type:

12.0 dc

Special Features:

Valve is 11.58 inches long by 2.76 inches wide by 4.13 inches tall. Spool type is a c6 with an nfpa d05 interface. It uses a subplate to mount to.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506h0
