Flow Control Device:

Disk

Valve Operation Method:

Automatic

Flange Shape:

Round with holes all ends

Connection Type:

Flange all ends

Valve Size:

2.50 inches

Face To Face Distance:

11.50 inches

Material:

Steel uns j92900 flow control device

Material Specification:

Astm a351 assn standard all material responses flow control device

Style Designator:

Straight through flanged ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
