**Body Material:**

Aluminum alloy

**Body Style:**

Straight thru

**Flow Control Device:**

Piston, spring loaded

**Temperature Adjustability:**

Not adjustable

**Temperature Control Device Type:**

Fusible

**End Application:**

Engine group

**Product Name:**

Valve, oil pressure relief

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07100
