Overall Height:

11.300 inches

Capillary Tube Length:

11.990 inches

Usage Design:

High efficiency water and particle removal from air

Operating Temperature Rating:

175.0 degrees fahrenheit

Spring Operated Pressure Relief:

Provided

Product Name:

Olympian plus filter/regulator

Special Features:

Max pressure 250 psig; aluminum bowl, knob adjustment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T121-c
