Fluid Pressure Regulating Valve - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/4820-01-606-7462>

Body Material:

Steel, corrosion resisting, qq-s-763, class 302, 303, 304, 305, 310, or 316

Seat Material:

Plastic, polychlorotrifluoroethylene

Manual Control Method:

Knob

Filter:

Included

End Application:

Icbm

Temperature Rating:

Between -40.0 degrees fahrenheit and 150.0 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
