**Body Material:**

Steel

**Outlet Pressure Range:**

+600.0 to 3000.0 pounds per square inch

**Tempurature Rating:**

Between 0.40 degrees fahrenheit and 248.0 degrees fahrenheit

**Product Name:**

Relief valve

**Special Features:**

Flow rate 20 gpm, seal kit 565803 buna-n, weight 0.48lbs

**Supplementary Features:**

Poppet type, screw adjustment, cartridge

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A21100
