Body Material:

Steel

Outlet Pressure Range:

+600.0 to 3000.0 pounds per square inch

Tempurature Rating:

Between 0.40 degrees fahrenheit and 248.0 degrees fahrenheit

Product Name:

Relief valve

Special Features:

Flow rate 20 gpm, seal kit 565803 buna-n, weight 0.48lbs

Supplementary Features:

Poppet type, screw adjustment, cartridge

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
