Body Material:

Aluminum

Outlet Pressure Range:

+0.5 to 120.0 pounds per square inch

Maximum Inlet Pressure Rating:

300.0 pounds per square inch

Filter:

Included

Tempurature Rating:

Between -40.0 degrees fahrenheit and 180.0 degrees fahrenheit

Special Features:

5 micron filter, petcock valve to ease draining; pressure adjustment screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
