Body Material:

Steel

Overall Length:

254.0 millimeters

Overall Width:

124.0 millimeters

Filter:

Not included

Product Name:

Pressure actuated modulating valve

Special Features:

Range (bar): 10...23, size thread according to iso 228: 1 1/4", style: 50, capillary length: 150mm.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
