End Application:

Pump assembly

Valve Operation Method:

Manual

Body Material:

Steel

Product Name:

Flow control valve

Special Features:

Fully adjustable pressure compensated flow controls with reverse flow check; maximum operating pressure 5000 psi; capaci type 25 gpm; seals buna-n; adjustment range .2 - 25 gpm; handknob control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A502c0
