Body Material:

Aluminum alloy, 2024

Body Outside Diameter:

3.00 inches

Face To Face Distance:

4.44 inches

Third Connection Face To Centerline Distance:

2.44 inches

Flow Control Device:

Needle

End Connection Quantity:

4

Product Name:

Valve, thermostatic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07100
