Body Material:

Iron, ductile

Tempurature Adjustability:

Adjustable

End Application:

Valve, control

Tempurature Rating:

100.0 degrees fahrenheit

Valve Size:

5.0 inches

Product Name:

Thermostatic control valve

Special Features:

Flanged pn16; 2433x manual override w/ nitrile seals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
