Maximum Operating Temp:

350.0 degrees fahrenheit single response

End Application:

5419-01-539-7178; expeditionary latrine system

Valve Operation Method:

Manual

Product Name:

2-piece, full port, bronze ball valve

Special Features:

Ferguson plastics (509-535-6500) is oem

Material:

Plastic polytetrafluoroethylene seat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
