Body Material:

Steel, corrosion resisting, qq-s-763, class 302, 303, 304, 305, 310, or 316

Stem Material:

Plastic, polychlorotrifluoroethylene

Flow Control Device:

Bellows

End Connection Quantity:

2

Filter:

Not included

Tempurature Rating:

150.0 degrees fahrenheit

Product Name:

High pressure bellows valves 3500 psig actuated

Valve Model Number For Which Designed:

Ss-hbs-6-c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
