Valve Operation Method:

Manual

Flange Shape:

Round with holes all ends

Connection Type:

Flange all ends

Valve Size:

1.00 inches

Face To Face Distance:

5.00 inches

Flange Face Design:

Raised straight all ends

Product Name:

Valve, ball 1.00ips

Material:

Titanium alloy flow control device

Style Designator:

Straight through flanged ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
